

Christmas Hills Primary School

BULLYING PREVENTION POLICY

October 2022

PURPOSE

Christmas Hills Primary School is committed to providing a safe and respectful learning environment where bullying will not be tolerated.

The purpose of this policy is to:

- explain the definition of bullying so that there is shared understanding amongst all members of the Christmas Hills Primary School community
- make clear that no form of bullying at Christmas Hills Primary School will be tolerated
- outline the strategies and programs in place at Christmas Hills Primary School to build a positive culture and prevent bullying behaviour
- ask that everyone in our school community be alert to signs and evidence of bullying behaviour, and accept responsibility to report bullying behaviour to school staff
- ensure that all reported incidents of bullying are appropriately investigated and addressed
- ensure that support is provided to students who may be affected by bullying behaviour (including targets, bystanders and students engaging in bullying behaviour)
- seek parental and peer group support in addressing and preventing bullying behaviour at Christmas Hills Primary School.

When responding to bullying behaviour, Christmas Hills Primary School aims to:

- be proportionate, consistent and responsive
- find a constructive and positive solution for everyone
- stop the bullying from happening again
- restore the relationships between the students involved.

Christmas Hills Primary School acknowledges that school staff owe a duty of care to students to take reasonable steps to reduce the risk of reasonably foreseeable harm, which can include harm that may be caused by bullying behaviour.

SCOPE

This policy addresses how Christmas Hills Primary School aims to prevent and respond to student bullying behaviour. Christmas Hills Primary School recognises that there are many other types of inappropriate student behaviours that do not meet the definition of bullying which are also unacceptable at our school. These other inappropriate behaviours will be managed in accordance with our Student Engagement, Wellbeing and Inclusion Policy.

This policy applies to all school activities, including camps and excursions.

POLICY

Definitions

Bullying

In 2018 the Education Council of the Council of Australian Governments endorsed the following definition of bullying for use by all Australian schools:

Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an

individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.

Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records)

Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

Bullying has three main features:

- It involves a misuse of power in a relationship
- It is ongoing and repeated, and
- It involves behaviours that can cause harm.

Bullying can be:

1. *direct* physical bullying – e.g. hitting, tripping, and pushing or damaging property.
2. *direct* verbal bullying – e.g. name calling, insults, homophobic or racist remarks, verbal abuse.
3. *indirect* bullying – e.g. spreading rumours, playing nasty jokes to embarrass and humiliate, mimicking, encouraging others to socially exclude a person and/or damaging a person's social reputation or social acceptance.

Cyberbullying is direct or indirect bullying behaviours using digital technology. For example via a mobile device, computers, chat rooms, email, social media, etc. It can be verbal, written and include images, video and/or audio.

Other distressing and inappropriate behaviours

Many distressing and inappropriate behaviours may not constitute bullying even though they are unpleasant. Students who are involved in or who witness any distressing and inappropriate behaviours should report their concerns to school staff and our school will follow the Student Engagement, Inclusion and Wellbeing Policy, Parent concerns or Complaints Policy and Procedures and School Community Code of Conduct

Mutual conflict involves an argument or disagreement between people with no imbalance of power. In incidents of mutual conflict, generally, both parties are upset and usually both want a resolution to the issue. Unresolved mutual conflict can develop into bullying if one of the parties targets the other repeatedly in retaliation.

Social rejection or dislike is not bullying unless it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others.

Single-episode acts of nastiness or physical aggression are not the same as bullying. However, single episodes of nastiness or physical aggression are not acceptable behaviours at our school and may have serious consequences for students engaging in this behaviour. Christmas Hills Primary School will use its Student Engagement, Inclusion and Wellbeing and Policy to guide a response to single episodes of nastiness or physical aggression.

Harassment is language or actions that are demeaning, offensive or intimidating to a person. It can take many forms, including sexual harassment and disability harassment. Further information about these two forms of harassment, including definitions, is set out in our Inclusion and Diversity Policy. Harassment of any kind will not be tolerated at Christmas Hills Primary School and may have serious consequences for students engaging in this behaviour. Christmas Hills Primary School will use its Student Wellbeing and Engagement Policy to guide a response to students demonstrating harassing behaviour, unless the behaviour also constitutes bullying, in which case the behaviour will be managed in accordance with this Bullying Prevention Policy.

BULLYING PREVENTION

Christmas Hills Primary School has a number of programs and strategies in place to build a positive and inclusive school culture. We strive to foster a school culture that prevents bullying behaviour by modelling and encouraging behaviour that demonstrates acceptance, kindness and respect.

Bullying prevention at Christmas Hills Primary School is proactive and is supported by research that indicates that a whole school, multifaceted approach is the most effective way to prevent and address bullying. At our school:

- We have a positive school environment that provides safety, security and support for students and promotes positive relationships and wellbeing.
- Our School Wide Positive Behaviour Support framework supports our school community to develop common language and expectations for demonstrating our agreed school values. This is embedded in our teaching and learning programs with an explicit focus at the beginning of each school year.
- We strive to build strong partnerships between the school, families and the broader community that means all members work together to ensure the safety of students.
- Teachers are encouraged to incorporate classroom management strategies that discourage bullying and promote positive behaviour.
- A range of programs are planned for each year to raise awareness about bullying and its impacts.
- In the classroom, our social and emotional learning curriculum teaches students what constitutes bullying and how to respond to bullying behaviour assertively. This promotes resilience, assertiveness, conflict resolution and problem solving.
- Students are encouraged to look out for each other and to talk to teachers and older peers about any bullying they have experienced or witnessed.
- We participate in the National Day of Action Against Bullying and Violence.

For further information about our engagement and wellbeing initiatives, please see our *Student Engagement, Wellbeing and Inclusion Policy*.

INCIDENT RESPONSE

Reporting concerns to Christmas Hills Primary School

Bullying complaints will be taken seriously and responded to sensitively at our school.

Students who may be experiencing bullying behaviour, or students who have witnessed bullying behaviour, are encouraged to report their concerns to school staff as soon as possible.

In most circumstances, we encourage students to speak to their classroom teacher. However, students are welcome to discuss their concerns with any trusted member of staff including teachers, Principal and ES staff.

Parents or carers who may develop concerns that their child is involved in, or has witnessed bullying behaviour at Christmas Hills Primary School should contact their child's classroom teacher in the first instance, or the Principal either by phoning or by email at christmas.hills.ps@edumail.vic.gov.au. Parents need to ensure that their communications comply with our School Values and the expectations set out in the Parent Concerns or Complaints Policy.

Our ability to effectively reduce and eliminate bullying behaviour is greatly affected by students and/or parents and carers reporting concerning behaviour as soon as possible, so that the responses implemented by Christmas Hills Primary School are timely and appropriate in the circumstances.

Investigations

When notified of alleged bullying behaviour, school staff are required to:

1. record the details of the allegations in Sentral; and
2. inform all relevant staff

The Principal is responsible for investigating allegations of bullying in a timely and sensitive manner. To appropriately investigate an allegation of bullying, the Principal may:

- speak to the students involved in the allegations, including the victim/s, the alleged perpetrator/s and any witnesses to the incidents
- speak to the parents of the students involved
- speak to the teachers of the students involved
- take detailed notes of all discussions for future reference
- obtain written statements from all or any of the above.

All communications with the Principal in the course of investigating an allegation of bullying will be managed sensitively. Investigations will be completed as quickly as possible to allow for the behaviours to be addressed in a timely manner.

The objective of completing a thorough investigation into the circumstances of alleged bullying behaviour is to determine the nature of the conduct and the students involved. A thorough understanding of the alleged bullying will inform staff about how to most effectively implement an appropriate response to that behaviour.

Serious bullying, including serious cyberbullying, is a criminal offence and may be referred to Victoria Police. For more information, see: [Brodie's Law](#).

Responses to bullying behaviours

When the Principal has sufficient information to understand the circumstances of the alleged bullying and the students involved, a number of strategies may be implemented to address the behaviour and support affected students in consultation with all relevant staff.

There are a number of factors that will be considered when determining the most appropriate response to the behaviour. When making a decision about how to respond to bullying behaviour, Christmas Hills Primary School will consider:

- the age and maturity of the students involved
- the severity and frequency of the bullying, and the impact it has had on the victim student
- whether the perpetrator student or students have displayed similar behaviour before
- whether the bullying took place in a group or one-to-one context
- whether the perpetrator demonstrates insight or remorse for their behaviour
- the alleged motive of the behaviour, including any element of provocation.

The Principal may implement all, or some of the following responses to bullying behaviours:

- Offer counselling support to the victim student or students, including referral to the DET Student Wellbeing Staff or SSSO Staff or other relevant external providers.
- Offer counselling support to the perpetrator student or students, including referral to the DET Student Wellbeing Staff or SSSO Staff or other relevant external providers.
- Offer counselling support to affected students, including witnesses and/or friends of the victim student, including referral to the DET Student Wellbeing Staff or SSSO Staff or other relevant external providers.
- Facilitate a restorative practice meeting with all or some of the students involved. The objective of restorative practice is to repair relationships that have been damaged by bringing about a sense of remorse and restorative action on the part of the person who has bullied someone and forgiveness by the person who has been bullied.
- Facilitate a mediation between some or all of the students involved to help to encourage students to take responsibility for their behaviour and explore underlying reasons for conflict or grievance. Mediation is only suitable if all students are involved voluntarily and demonstrate a willingness to engage in the mediation process.
- Facilitate a process using the Support Group Method, involving the victim student(s), the perpetrator students and a group of students who are likely to be supportive of the victim(s).
- Implement disciplinary consequences for the perpetrator students, which may include removal of privileges, detention, suspension and/or expulsion consistent with our Student Wellbeing and Engagement policy, the Ministerial Order on Suspensions and Expulsions and any other relevant Department policy.
- Facilitate a Student Support Group meeting and/or Behaviour Support Plan for affected students.
- Prepare a Safety Plan or Individual Management Plan restricting contact between victim and perpetrator students.
- Provide discussion and/or mentoring for different social and emotional learning competencies of the students involved, including Bounceback, Better Buddies and any other relevant programs.
- Monitor the behaviour of the students involved for an appropriate time and take follow up action if necessary.

- Implement year group targeted strategies to reinforce positive behaviours, for example Bounceback and Better Buddies

The Principal and all School Staff are responsible for maintaining up to date records of the investigation of and responses to bullying behaviour.

Christmas Hills Primary School understands the importance of monitoring and following up on the progress of students who have been involved in or affected by bullying behaviour. Where appropriate, school staff will also endeavour to provide parents and carers with updates on the management of bullying incidents.

Appendix A

Anti-Bullying (including cyber-bullying) and Anti-Harassment Procedures

What are Bullying, Cyber Bullying and Harassment?

Bullying

Definition of Bullying

Bullying is when someone, or a group of people, who have more power at the time, deliberately upset or hurt another person, their property, reputation or social acceptance on more than one occasion.

Types of Bullying

There are three broad categories of bullying:

4. **Direct physical bullying** – e.g. hitting, tripping, and pushing or damaging property.
5. **Direct verbal bullying** – e.g. name calling, insults, homophobic or racist remarks, verbal abuse.
6. **Indirect bullying** – this form of bullying is harder to recognise and often carried out behind the bullied student's back. It is designed to harm someone's social reputation and/or cause humiliation. Indirect bullying includes:
 - lying and spreading rumours
 - playing nasty jokes to embarrass and humiliate
 - mimicking
 - encouraging others to socially exclude someone
 - damaging someone's social reputation and social acceptance
 - cyber-bullying, which involves the use of electronic means to humiliate and distress

What Bullying is Not

Many distressing behaviours are not examples of bullying even though they are unpleasant and often require teacher intervention and management. There are three socially unpleasant situations that are often confused with bullying:

Mutual Conflict

In mutual conflict situations, there is an argument or disagreement between students but not an imbalance of power. Both parties are upset and usually both want a resolution to the problem. However, unresolved mutual conflict sometimes develops into a bullying situation with one person becoming targeted repeatedly for 'retaliation' in a one-sided way.

Social Rejection or Dislike

Unless the social rejection is directed towards someone specific and involves deliberate and repeated attempts to cause distress, exclude or create dislike by others, it is not bullying.

Single-episode acts of nastiness or meanness, or random acts of aggression or intimidation

Single episodes of nastiness or physical aggression are not the same as bullying. If a student is verbally abused or pushed on one occasion they are not being bullied.

Nastiness or physical aggression that is directed towards many different students is not the same as bullying.

Cyber-bullying

Consists of covert, psychological bullying, conveyed through the electronic mediums such as cell-phones, web-logs and web-sites, on-line chat rooms, 'MUD' rooms (multi-user domains where individuals take on different characters) and Xangas (on-line personal profiles where some adolescents create lists of people they do not like). It is verbal (over the telephone or mobile phone), or written (flaming, threats, racial, sexual or homophobic harassment) using the various mediums available.

Harassment

Is any verbal, physical or sexual conduct (including gestures) which is uninvited, unwelcome or offensive to a person.

Why do we have a Policy on these?

To provide a safe and friendly college environment for students and staff and to encourage care, courtesy and respect for others. All persons have a legal right to protection from harassment under the *Commonwealth Sex Discrimination Act* and the *Victorian Equal Opportunity Act*.

What are the effects of Bullying and Harassment?

- poor health - anxiety, depression
- lower self esteem
- reduced study performance
- missed classes, social withdrawal
- reduced career prospects

Am I bullying or harassing someone?

If you are not sure about your behaviour you can:

- check it out by asking if it is offensive or inappropriate
- stop it
- apologise
- take it seriously if someone says they are feeling uncomfortable
- talk it over with an adviser or somebody who has an understanding of the issues

What are some of the feelings victims of bullying or harassment may experience?

- *"I will ignore it and it will go away."*

If anything it will make things worse - you will give the impression that you agree with the situation.

- *"I don't want to cause trouble."*

Most causes of harassment are sorted out quite simply. By speaking up, action can be taken to address the problem.

- *"Am I to blame?"*

Victims of harassment or bullying sometimes feel that it is their fault. Victims are made to feel guilty by the offender and often blame themselves. It is your right to have a safe environment free from harassment or bullying.

- *"Am I imagining things?"*

Often our hunches are correct. Rather than put up with nagging doubts, talk to someone about your feelings.

Bullying or harassment can often make people feel:

- embarrassed or ashamed
- offended or humiliated
- intimidated or frightened
- uncomfortable

What should you do if you see another person being bullied or harassed?

Tell the person that you witnessed the incident and advise them to report it to an appropriate person. However, if your friend is harassing another person, let them know that their behaviour is unacceptable.

Bystanders who do nothing to stop bullying may be contributing to the problem by providing an audience for the bully.

Bullying can involve

- grabbing, aggressive staring, hitting, pinching kicking, pushing and shoving
- publicly excluding a person from your group
- knocking a person's books or belongings out of their hands or off their desk
- teasing a person because of their looks

Cyber-bullying can involve

- *Flaming* – online fights using electronic messages with angry or vulgar messages
- *Harassment* – repeatedly sending nasty, mean and insulting messages
- *Denigration* – posting or sending gossip or rumours about a person to damage his/her reputation or friendships
- *Outing* – sharing someone's secrets or embarrassing information or images online
- *Exclusion* – intentionally and cruelly excluding someone from an online group
- *Cyber-stalking* – repeated, intense harassment and denigration that includes threats or creates significant fear

Harassment is usually directed at a person because of their gender, race, creed or abilities – it can be subtle or explicit

Subtle (the most common) they include:

- offensive staring and leering
- unwanted comments about physical appearance and sexual preference
- racist or smutty comments or jokes
- questions about another's sexual activity
- persistent comments about a person's private life or family
- physical contact e.g. purposely brushing up against another's body
- offensive name calling

Explicit (obvious) they include:

- grabbing, aggressive hitting, pinching and shoving, etc
- unwelcome patting, touching, embracing
- repeated requests for dates, especially after refusal
- offensive gestures, jokes, comments, letters, phone calls or e-mail
- sexually and/or racially provocative remarks
- displays of sexually graphic material – pornography
- requests for sexual favours
- extreme forms of sexual harassment will lead to criminal prosecution

What do you do if you are being bullied or harassed?

- tell the person you don't like what they are doing and you want them to stop
- discuss the matter with a Coordinator, Student Welfare Coordinator or peer mediator, peer support leader or a teacher that you feel comfortable with
- the school will take your concerns seriously - all complaints will be treated confidentially

How will your complaint be dealt with?

Your concerns will be taken seriously. All complaints will be treated confidentially.

School procedures for responding to a student who bullies or harasses others are set out below.

Level 1

If the bullying or harassment incident is minor or first time occurrence, teachers may elect to use one or more anti-bullying practices:

- stopping the bullying/re-statement of rules and consequences
- restorative questioning
- think time detention
- private conference
- shared control discussion

If the student does not take control over his/her behaviour, an Incident Report Form should be completed and submitted to the student welfare coordinator or principal/assistant principal.

Level 2

If the bullying or harassment continues, or in instances of severe bullying or harassing, a referral should be made to the Student Welfare Coordinator.

Here, the Student Welfare Coordinator (or another who has responsibility for student welfare) may:

- meet with the student to develop a behaviour contract
- provide discussion/mentoring of different social and emotional learning competencies including structured learning activities
- conduct a restorative conference separately with the perpetrator and “target”

Level 3

For ‘at risk’ students (many risk factors, few protective factors) whose bullying or harassing behaviour is severe and for other non-at risk students whose bullying or harassing and other aggressive behaviour is resistant to change, an individual ‘strength building’ plan should be developed by the student welfare coordinator in consultation with student, parents/carers and teachers. Individual strength-building plans and associated interventions help connect the student to positive people, programs and actions in the community, school and home as well as develop the student’s inner social and emotional strengths (skills, values).

Level 4

Students whose severe bullying or harassing behaviour resists school efforts and represents a significant threat to the safety and wellbeing should be referred to outside agencies for evaluation. Student Welfare Coordinators will need to be familiar with those community agencies and organisations that can offer more intensive services to the student and student’s family.

Note: The school may choose, if bullying or harassment persists or the initial incident is of such magnitude, that parents/carers will be contacted and consequences implemented consistent with the school’s Student Code of Conduct. Furthermore, the principal may commence formal disciplinary action in line with ‘*Effective Schools are Engaging Schools - Student Engagement Policy Guidelines*’ (DEECD) at any stage in the process depending on contextual information relating to the severity of the bullying (including-cyber bullying) and harassment.
